Chromium Picolinate (formerly Chromium Polynicotinate) V Ve **High Strength Bioavailable Chromium (as Picolinate)**

High strength chromium formulation which helps support healthy blood sugar control.

Ingredients:

Each capsule typically contains:

Chromium (picolinate) 200 µg

Encapsulated with:

Gelatin

Microcrystalline cellulose

Features:

Chromium functions in the body as a key constituent of the glucose tolerance factor (GTF), working synergistically with insulin to support the cellular uptake of glucose.

Because of its role in glucose metabolism, chromium has gained a great deal of attention for its ability to help support healthy body composition.

Recommendation: 1-3 capsules daily with food, or as directed.

Caution: None known if directions are followed.

Contains ingredients derived from:

Sulphites

Product Code: 3155

Package Size: 90
