Gastrointestinal Support

Caprylate

V Ve

Magnesium Caprylate with special delayed release

Caprylic acid is a short-chain fatty acid that helps to maintain a beneficial balance of micro-organisms in the gut by promoting a locally acidic micro-environment. Caprylic acid is encapsulated with magnesium for optimal absorption.

Ingredients:

Each capsule typically contains:

Caprylic Acid (magnesium caprylate)

360 mg

Encapsulated with:

Calcium carbonate

Kosher capsule shell (HPMC - hydroxypropyl methyl cellulose)

Silicon dioxide

Stearic acid

Features:

A non-irritating buffered form of caprylic acid.

Magnesium caprylate has special delayed-release properties.

Recommendation: 1-6 capsules daily, or as directed.

Caution: Not recommended during pregnancy or whilst breastfeeding.

Product Code: 3171

Package Size: 90
