

Product Information Sheet

Fatty Acids

Eskimo Kids

Pure natural omega-3, omega-6 and omega-9 with vitamins D & E

Eskimo Kids is a pure, natural, essential fatty acid supplement formulated specifically for the requirements of children up to the age of 12. Because a child's brain and nervous system have different fatty acid requirements whilst they are growing, Eskimo Kids reflects these needs with a balance of omega-3, omega-6 and omega-9 fatty acids, which provide the "building blocks" essential to growth and development. Eskimo Kids contains antioxidants to protect its stability, and it comes in a natural tutti-frutti or orange flavour that kids will love.

Ingredients:

Each 5ml teaspoon typically contains:

Omega-3 fatty acids from natural fish oil	1200 mg
Providing:	
EPA (eicosapentaenoic acid)	410 mg
DHA (docosahexaenoic acid)	280 mg
ALA (alpha linolenic acid)	230 mg
Omega-6 fatty acids from rapeseed oil	510 mg
Of which:	
LA (linoleic acid)	500 mg
Omega-9 fatty acids (Oleic Acid)	1400 mg
Vitamin D (cholecalciferol) (200iu)	5 µg
Vitamin E (mixed tocopherols) (10iu)	6.7 mg

Other ingredients:

Ascorbyl palmitate
Lecithin
Natural flavours

Features:

The fish oil used in Eskimo Kids is from fresh, deep-sea fish and not from cultivated fish.

The oil in Eskimo Kids has been purified to reduce environmental toxins such as mercury and pesticides, PCBs and DDT, to well below the current acceptable levels. This has been confirmed in independent studies.

Contains vitamin D, an essential nutrient for healthy bone development in the growing child.

Added vitamin E helps to maintain the stability of the oil, which keeps it fresh for longer.

Available in two delicious natural flavours ~ tutti-frutti (from orange, raspberry, lemon and cherry oils), and orange.

Tutti-frutti flavour available in 105ml (3306) or 210ml (3309). Orange flavour also available in 105ml (3312) or 210ml (3311).

Recommendation: Children 1-12 years: 1 teaspoon (5ml) daily with food, or as directed.

Caution: Not recommended for epileptics or haemophiliacs. Consult with a medical doctor if on anticoagulant medication.

Contains ingredients derived from:

Soy (oil)
Fish (oil)
