

Product Information Sheet

Fatty Acids

Eskimo® High Strength 3:2

Extra High Strength Pure & Stable Omega-3 Fish Oil

Eskimo High Strength 3:2 is a high potency fish oil supplement containing the important omega-3 fatty acids EPA and DHA in their optimal concentration, a 3:2 ratio. Omega-3 fatty acids have been well studied for their role in the support of many systems in the body, including heart, musculo-skeletal, cognitive and skin health.

Ingredients:

One capsule typically contains:

Fish oil concentrate	1000 mg
Omega-3 fatty acids	600 mg
EPA (eicosapentaenoic acid)	300 mg
DHA (docosahexaenoic acid)	200 mg
Vitamin E (mixed tocopherols)	3 mg

Other ingredients:

Ascorbyl palmitate
Lecithin
Natural lime oil
Rosemary oil

Features:

Eskimo High Strength 3:2 is enriched with a patented, scientifically evaluated antioxidant mixture, Pufanox®, which is very important for maintaining the stability of the fish oil and for preventing rancidity.

Eskimo High Strength 3:2 is produced from oily fish living in the deep seas. It is produced according to pharmaceutical standards and has a guaranteed high quality. It is free from hexanes.

Eskimo fish oils are purified to remove any environmental contaminants such as mercury, and pesticides such as PCBs and DDT. Eskimo fish oils have been shown to be outstandingly pure and stable in several independent studies, making them exceptionally safe and effective.

Recommendation: Take 1-2 capsules daily with meals, or as directed.

Caution: Not recommended for haemophiliacs.
Consult a medical doctor if on anti-coagulant medication.

Contains ingredients derived from: Soy (oil)
Fish (oil)

Product Code: 3313
