C-1000 TR

V Ve

Timed-Release vitamin C with Bioflavonoids

C-1000 TR is a high-dose formula of the potent antioxidant vitamin C, augmented with synergistic bioflavonoids.

Ingredients:

Each tablet typically contains:

Vitamin C (ascorbic acid)	1000 mg
Bioflavonoids	125 mg

Tableted with:

Calcium stearate
Stearic acid
Silicon dioxide

Features:

Vitamin C has many functions in the body's metabolism:

- It is a potent antioxidant, preventing free radical damage to cells and tissues.
- It is involved in the synthesis of collagen and other connective tissues.
- It supports optimal immune function.

Bioflavonoids synergistically potentiate the antioxidant potential of vitamin C.

This time release formula maximises the total absorption of vitamin C over a prolonged period of

Recommendation: 1 or more tablets daily with food, or as directed.

Caution: Individuals with a history of kidney stones or haemochromatosis should consult with a healthcare practitioner before taking more than 1g of vitamin C
