Celapro™

Green Tea Leaf Extract, Lycopene and Turmeric to Support Healthy Cellular Aging

Celapro is a combination of herbal extracts and phytochemicals that provide synergistic and targeted protection to cells from free radical damage.

Ingredients:

Each capsule typically contains:

Green Tea Leaf Extract (Camellia sinensis)	600 mg
[provides 60% (360mg) total polyphenols (tea catechins)	
30% (180mg) epigallocatechin gallate (EGCG)]	
D-Limonene Oil [from sweet orange peel (Citrus sinensis)]	1000 mg
Lycopene	5 mg
Turmeric Rhizome Extract	100 mg
(Curcuma longa) (standardised to 95% [95mg] curcuminoids)	

Encapsulated with:

Annatto extract
Gelatin
Glycerin
Lecithin (soy)
Hydrogenated Starch Hydrosylate
Purified water
Yellow beeswax

Features:

Celapro helps to support the healthy function and aging of cells, particularly sensitive tissue such as the lungs, breast, prostate and colon.

Recommendation: 2 capsules daily, or as directed.

Caution: None known if directions are followed.

Contains ingredients derived from: Soy
