Gastrointestinal Support

## Glutagenics™

**V Ve**

### Glutamine with Extracts of Liquorice and Aloe

Glutagenics™ features three key ingredients - glutamine, deglycyrrhizinized liquorice (DGL), and aloe vera - that comprehensively support the integrity and optimal function of the gastrointestinal lining.

#### Ingredients:

##### One teaspoon (4.33g) typically contains:

L-Glutamine	3.5 g
Deglycyrrhizinized liquorice root 10:1 Extract (Glycyrrhiza glabra)	500 mg
Aloe Leaf Extract* (Aloe barbadensis) [Standardised to 50% (25mg) polysaccharides]	50 mg

\* Proprietary extraction process removes the laxative bitter principles, confirmed by thin layer chromatography (TLC). Equivalent to 10g of aloe leaf gel.

#### Other ingredients:

Natural Flavours

#### Features:

Supports a healthy intestinal lining, which is essential for healthy digestion, immune function, liver function, and overall health.

Supplies high levels of the amino acid glutamine, which provides both a source of fuel and precursors for growth to the rapidly dividing cells of the intestinal lining.

Provides a concentrated liquorice that has been processed to remove glycyrrhizin, reducing the risk of adverse effects associated with liquorice.

The processing and removal of the bitter principles in aloe prevent a laxative effect.

Powdered form for ease of use and flexible dosing.

**Recommendation:** Mix 1 teaspoon with water 3 times daily, or as directed.

**Caution:** Not recommended during pregnancy or whilst breastfeeding.

**Product Code:** 44039

**Package Size:** 260g (60 servings)
