Ultra Potent-C 1000

V Ve

High Potency Buffered Vitamin C Tablet with Active Metabolite Support System

Ultra Potent-C 1000 is an exclusive formula that is designed to provide high levels of functional vitamin C in a short period of time. Preliminary scientific research suggests that this proprietary blend of metabolites may enhance the bioavailability of the preparation.

Ingredients:

Each tablet typically contains:

Vitamin C (as calcium, sodium, magnesium and potassium ascorbate)	1000 mg
Niacinamide	77 mg
Metabolite support system:	
L-Cysteine	10 mg
L-Glutathione	5 mg
L-Lysine	36 mg
Citrus bioflavonoid complex [standardised to 50% (17.5mg) full spectrum bioflavonoids]	35 mg
D-Ribose	14 mg
Xylitol	10 mg

Tableted with:

Ascorbyl palmitate
Ascorbic acid
Cottonseed Oil
Magnesium stearate
Microcrystalline cellulose
Sodium carboxymethylcellulose
Hydroxypropylcellulose

Features:

- High potency metabolite support system.
- Provides valuable antioxidant protection.
- Supports the production of collagen and healthy connective tissue.
- Supports immune function.
- Buffered to help prevent potential gastrointestinal upset.

Recommendation: 1 tablet twice daily, or as directed.

Caution: None known if directions are followed.
