Bone Health

Cal Apatite® Forte

Complete Bone Nutrition with Vitamin D

Cal Apatite represents the next generation of calcium supplementation. It is a certified hydroxyapatite concentrate, a complex crystalline compound composed primarily of calcium, phosphate and organic factors that naturally comprise raw bone. The hydroxyapatite concentrate in Cal Apatite Forte is guaranteed to be raw (processed below 37°C). X-ray diffraction studies have confirmed the presence and crystalline nature of the hydroxyapatite in Cal Apatite. Regularly taking Cal Apatite Forte means giving the musculoskeletal system the best support possible.

Ingredients:

Each capsule typically contains:

Microcrystalline Hydroxyapatite Concentrate (MCHC)*	1012 mg
Calcium (as MCHC)	228 mg
Phosphorous (as MCHC)	119 mg
Vitamin D (as cholecalciferol)	5 µg

* MCHC is a bovine product of New Zealand, and supplies calcium, phosphorous and trace quantities of other minerals.

Encapsulated with:

Gelatin
Magnesium stearate
Microcrystalline cellulose

Features:

Purity-certified microcrystalline hydroxyapatite concentrate (MCHC).

Vitamin D to support bone and muscular health.

Flexible dose format for delivering optimal levels of MCHC, calcium and vitamin D.

Ideal for those who prefer capsules.

Recommendation: 3 capsules daily, or as directed.

Caution: None known if directions are followed.

Product Code: 44095

Package Size: 90
