

Product Information Sheet

Probiotics

Ultra Probioplex™ IB

V

Enhanced Potency Probiotic

Ultra Probioplex™ IB is a patented non-dairy** probiotic formula featuring enhanced potency and highly viable, pure strains of Lactobacillus acidophilus (NCFM™ strain) and Bifidobacterium lactis to support lower bowel health.

Ingredients:

Each capsule typically contains:

Lactobacillus acidophilus NCFM® Strain

30 billion live organisms

Bifidobacterium lactis BI-07 Strain

30 billion live organisms

N.B Capsules are composed of plant-derived materials.

Encapsulated with:

Microcrystalline cellulose

Silica

Magnesium stearate

Features:

A powerful formula containing 60 billion live organisms that rapidly replenish intestinal flora following antibiotic use or diagnostic stool testing.

Helps support a healthy balance of intestinal flora and has broad intestinal, digestive, and immune system support functions.

Produced in a freeze-dried form and refrigerated during storage and shipping for maximum stability, and shipped with the most current viability assay to provide you with assurance of potency.

Ultra Probioplex™ Capsules provide a guaranteed potency of 30 billion L.acidophilus and 30 billion B.lactis organisms per serving through to the date of expiry.

The ID Guarantee: The purity, clinical reliability, and predicted safety of Metagenics probiotic formulas are guaranteed through the scientific certification of strains with established health benefits. Assuring potency and high viability, each strain is also tested for acid tolerance and cell adherence in vitro.

Recommendation: 1 capsule one to two times daily.

Caution: **Lactobacilli and bifidobacterium probiotic strains consume soy and milk-derived nutrients as a food source during an early fermentation step. Individuals with a severe intolerance to soy or milk should not take this
