Brain & Nervous System Support

Arginine Plus™ with Magnesium

V Ve

Arginine, Magnesium and Folate Blend

Arginine Plus with Magnesium offers a powerful, complementary mixture of nutritional factors to support healthy muscle function and blood flow - in a powdered delivery form for easy dosing flexibility.

Ingredients:

Two scoops typically provides:

Folate (as folic acid, L-5-methyl tetrahydrofolate*, calcium folinate)	400 µg
Magnesium (as citrate)	200 mg
L-Arginine	3000 mg
L-Glycine	40 mg

*As Metafolin® U.S. Patent Nos. 5,997,915; 6,254,904

Other ingredients:

Fructose
Citric acid
Sorbitol
Natural flavours
Silica
Xanthan
Carrageenan
Cellulose gum
Guar gum
Annatto

Features:

Enhanced levels of L-Arginine to support healthy blood flow.

Provides magnesium to maintain the health of the cardiovascular system and for the proper functioning of nerves and muscles.

Delivers three forms of folate to better ensure improved folate nutrition. These folates promote healthy homocysteine balance - a key factor in supporting cardiovascular health.

Features 5-methyl tetrahydrofolate (5-MTHF) - a body-ready folate.

Arginine helps to support optimal muscle health and muscle mass.

Recommendation: 2 scoops with 6-8 ounces of water daily, or as directed.

Caution: Not suitable for individuals who have had a myocardial infarction (heart
