Standardised Herbal Formula With Saw Palmetto, Antioxidants and Zinc

A combination of herbs and nutrients, including antioxidants and beta sitosterol, which work synergistically together to support male prostatic health.

Ingredients:

Each capsule typically contains:

Lycopene Granules (<i>Lycopersicon esculentum</i>) [standardised for 5% lycopenes]	0.5 mg
Saw Palmetto Berry Extract (<i>Serenoa repens</i>) [standardised for 45% fatty acids]	90 mg
Stinging Nettles Root Extract 4:1 (<i>Urtica dioica</i>)	0.8 mg
Beta Sitosterol (mixed phytosterols) [standardised for 40-45% beta sitosterols]	10 mg
Zinc (citrate)	10 mg
Vitamin E (d-alpha tocopheryl succinate)	9.8 IU
Lipase I (Fungal) (5000LU/g)	697.5 LU

Encapsulated with:

Ascorbyl Palmitate
Magnesium stearate
Microcrystalline Cellulose
Silicon dioxide

Features:

Saw palmetto contains beta sitosterol and other fatty acids that work synergistically to support prostatic health.

Lycopene is a fat-soluble carotenoid antioxidant, found in high concentration in tomatoes with significant properties.

Zinc is a major cofactor for many enzymes and is involved in the metabolism of numerous hormones.

Vitamin E is a powerful antioxidant which helps to protect fatty acids and cell membranes from oxidative stress.

Recommendation: 1-3 capsules daily with food, or as directed.

Caution: None known if directions are followed.
